HAPPENINGS ABOUT CITY TOLD IN BRIEF

All members of the Destroyer Athletic Club are requested to attend practice at the Corner of Cameron and West streets at 6.30 o'clock this evening.

The weekly prayer meeting at the Anne Lee Memorial Home for the Aged will be held in the afternoon in future, beginning tomorrow, when the service will be at 3 o'clock, conducted by the Rev. O. P. Lloyd, pastor of the Second Baptist Church.

Mr. Harvey Selecman has returned from a trip south. Mr. Selecman attended the Confederate Veterans, Reunion in Houston, Texas, and also visited San Antonio, attended the Texas state fair in Dallas, and made short stops at the principal southern cities on the return trip.

Charles H. Callahan of this city tonight will deliver an address entitled "Washington the Man and the Mason" before the Richmond Masonic lodges at the celebration in observance of Washington's Masonic birthday.

Harrison Defeats Paul By Over 500 Majority

Though the exact vote in the Seventh Virginia District is still unknown, owing to the fact that many election officials have sealed the ballot boxes without making the results public, Representative Thomas W. Harrison, of Winchester, is leading his Republican opponet, John Paul, of Rockingham, in the race for Congress by an estimated majority of more than 500.

According to the best information, Mr. Harrison has carried Winchester and Frederick County by a majority of 259; Clarke, 560; Rappahannock, 250; Albermarle and the city of Charlottesville, 1,712; Madison, 25, and Warren, 223, while Captain Paul carried Shenandoah by a majority of 1,033; Rockingham, 856; Page, 450, and Greene, 100. The official canvass probably will be announced today.

With Bland County missing, official figures in the 9th District give Representative Slemp a majority of about 5,000 a lead twice as large as he has received in any of the seven times he has been before the people of the district for the seat in Congress. The addition of the woman vote is largely responsible for his increased majority. In Wythe County, Slemp ran considerably ahead of Harding, the presidental candidate, receiving a majority of 607, while Slemp received 744.

In Highland County the national Republican ticket received 474 votes to 379 for the Democratic. Representative Flood, candidate for re-election to Congress from the Tenth District, ran slightly behind the independent candidate, J. H. C. Grasty, receiving 474 for Mr. Grasty. The proposed road bond issue amendment to the State Constitution is apparently beaten by a small majority. All the others carried.

TONIGHT! THE RAILROAD MEN!

Mr. Stewart at the First Baptist Church

Last evening at the First Baptist Church a very large congregation was present. Mr. Stewart's topic was "The Three Fold Call of God to the Sinner" and he spoke in a most interesting way. A number came forward. This evening he will by special invitation speak to railroad men upon a special topic. It is understood that everybody is invited, and a large crowd will be present. The chorus choir is doing fine work and they desire others to join with them. The members of the First Church are greatly interested in the meetings.

The machine of Mr. Stuart also was slightly damaged.

Warning to the Public

Health Officer Tells of Scarlet Fever and Diphtheria.

I wish to give public warning that musch scarlet fever and diphtheria is prevelent in the surrounding country, particularly in Washington. This is the season when we must look for such diseases to spread from one section to another.

While Alexandria has been almost miraculously free from such diseases for months past; as we did not have a single case of scarlet fever during September and October, and only one case of diphtheria; yet this wonderfull freedom from contagious disease cannot continue long with so many cases all around us.

Your Health Department has been doing all possible to protect this city, but the people must fully realize the danger and take all reasonable measures to protect themselves.

Parents should watch their children closely for any symptoms of disease, particularly sore throat. Don't take any chances but consult a doctor at once. It is the mild and untreated cases of scarlet fever and diphtheria that have in the past caused many serious epidemics, and the Health Department always does its best to locate such cases. Don't let you child come in contact with other children if it complains of feeling badly, but keep it in the house until you know just what the trouble may be.

Teach your children the dangers of the common drinking cup and instruct them not to put into the mouth, fingers, pencils, or other things that don't belong there.

Diphtheria and scarlet fever are transmitted from one person to another by the fresh secretions from the mouth and nose of cases and carriers of the disease. There are more carriers and mild unrecognized cases of such diseases, then well defined cases. We have had since Nov. 1st., two cases of scarlet fever reported in this city. Your Health Department will do its part in prevention work, but the public must do theirs also.

We had only three cases of typhoid during October, compared with 10 cases in the same month last year.

COLORED BOY INJURED AT GLASS FACTORY FIRE

Charles Blue, colored, sixteen years old, who lives at 316 North Alfred street, was painfully injured last night while at the fire at the plant of the Old Dominion Glass Company when he fell off what is know as producer in the factory, a distance of about fifteen feet. Blue was taken to the hospital and treated by Dr. H. A. Latane. Blue, it is stated, was not seriously injured.

FIRE DESTROYS GLASS STOCKROOM

1,400,000 Drug Bottles Destroyed in Blaze at O. D., Plant

ESTIMATED LOSS $25,000

Factory Menaced by Flames—But Not Seriously Damaged— Origin of Fire a Mystery.

Damage estimated at $25,000 was done by fire of undetermined origin which last night destroyed the stock room at the plant of the Old Dominion Glass Company at the corner of Montgomery and First streets, a total of 1,400,000 drug bottles going up in the flames. The fire burned all night, although some of the engines returned to their houses before midnight.

The blaze was discovered by members of the night shift on duty in the factory and the whistle at the plant sounded an alarm at 8.25 o'clock. The firemen made a quick response and experienced difficulty when coupl ings of their hose broke when they endeavored to relay water a distance of four squares from Fairfax street to the plant. The water pressure from the plug at the company's plant was not adequate, it is reported.

When the firemen finally got several streams of water on the blazing stock room it was doomed and they confined their efforts to preventing a spread of the fire to the factory proper which is only about twenty-five feet from the stock room. Bucket brigades were also formed by volunteer firemen and the sand room took fire on the north side but by prompt efforts they prevented the factory from being destroyed.

A Southern Railway locomotive also came to the scene and threw water on the fire. The engine was stationed on the trestle directly east of the plant.

A call was sent for the Washington Firefighter and that boat arrived here about 9.30 o'clock but did not go into service, the fire at that time being under control. The Firefighter would have experienced difficulty in making a landing. She came down the river within a hundred yards of the plant and had to feel her way for fear of getting stuck in the mud.

Had a wind been blowing last night the entire plant of the company would have been destroyed and the fact that it was not was entirely due to the fact that no wind was blowing at the time.

Thousands of persons from every part of the city were attracted by the fire and many remained till a late hour.

George D. Hopkins, secretary-treasurer of the company stated that night there was no fire or lights of any kind in the stock room and he was at loss to explain the origin of the fire. Mr. Hopkins said there were 10,000 gross of small drug bottles packed in the big storeroom which was a one-story frame structure 200 by 60 feet. The loss is partially covered by insurance.

The firemen worked all night on the fire, until well into the noon hour today. About 3 o'clock this morning the fire chief relieved motor engine No. 5 and had the Columbia steamer take her place.

This company gives employment to 250 hands. The fire will not interrupt operations. Officers of the company are Lorenzo Wolford, president; G. H. Schwarzmann, vice president; George D. Hopkins, secretary-treasurer.

Twenty-Two Students of E. H. S., Made Supreme Sacrifice

EXERCISES SATURDAY

Secretary of War Baker and Rep. R. Walton Moore, Both Former Students, to Speak

Secretary of War Newton D. Baker will deliver an address at the unveiling of a handsome mural tablet in the chapel of the Episcopal High School in memory of twenty-two former students of that school who lost their lives during the world war.

The exercises will take place at noon Saturday in the school chapel and will be attended by the members of the faculty and many students from distant points.

Representative R. Walton Moore, a former student at the Episcopal High School, will preside and make an address.

Included in the twenty-two names on the list are George M. Anderton, John M. Leadbeater and Richard H. Fawcett of Alexandria. The tablet is the gift of former students of the school who decided that it would be a fitting thing to place an everlasting memorial to these men in the chaped of that institution.

Secretary Baker is a former student of the Episcopal High School, he having received his early education at this institution.

An ode to "The Boys" written by Henry C. Riely, of Richmond, will be read.

Social Saturday

Entertainment Under Auspices of Y. M. C. A. at Westminster Building

Indoor quoits and deck shuffle board are the two games that are to be introduced at the social to be given by the Ladies Auxiliary of the Y. M. C. A. at the Westminster Building Saturday afternoon and evening under the immediate auspices of the Christian Endeavor Society of the Second Presbyterian church.

These two games are both interesting because both men and women can play them with equal efficiency. Rubber quoits have been provided and the Virginia Shipbuilding Corporation has provided iron quoit pins sunk into armor plate so that there is no danger of them slipping when a "ringer" is thrown.

The quoit pins will be set thirty four feet apart—fifty-four feet is the outdoor distance—and the points will be counted as the outdoor game is counted. The indoor game is said to be slightly the more difficult as the quoit is of rubber and lands on the floor, instead of being iron and landing in plastic clay as is the rule in the outdoor sport.

Deck shuffleboard secured its popularity on shipboard as might be expected from its name. The game is patterned after the old English game of "shovelboard" and is played with "cues" and discs on the floor. The cues and discs were male by W. A. Smoot and Co., and are pronounced perfect specimens.

The discs are shoved along the floor with the cues in an attempt to land them on a line thirty-four feet distant, or to dislodge an opponent who might have just landed on the line. The distances are the same in both games and each game consists of twenty-one points. It is thought that the games will become instantly popular and prizes are to be awarded those making the highest number of "wins".

The party, which is the first of a series of similar socials to be given by the "Y" is to commence at four o'clock in the afternoon and continue until ten that evening with a "dutch" lunch being served from 5.30 until 7.30.

LEAGUE OF WOMEN VOTERS

Meeting Last Night, Public Health Work Considered

A postponed meeting of the Alexandria branch of the Virginia League of Women Voters was held last night at the home of the chairman, Miss MacDonald. The recent letter of the Mayor to Council, advocating a radical reduction in the appropriation for the Health Department was discussed and the members voted to take a strong stand against any change at present that would impair the efficiency of the department.

A report was made comparing favorably the work accomplished by the the other cities of Virginia. Particular stress was laid on the abatement of typhoid in the city and measures taken to prevent the spread of infectious diseases among children. A committee on public health, for the purpose of looking further into the subject and for co-operating as far as possible with the health department, was appointed with a member for each ward and one for Rosemont, as follows: Mrs. M. L. Horner, chairman; Mrs. J. Dwyer; Mrs. C. W. Wattles; Mrs. C. E. Nicol; Mrs. T. C. Howard and Miss Virginia Burke.

Probe Fox's Death

Coroner's Jury Fails to Fix Responsibility For Auto Victim

After hearing the testimony of five witnesses a coroner's jury, summoned by Dr. T. M. Jones, which met last night at Demaine's mortuary chapel to investigate the circumstances attending the death of John A. Fox of St. Elmo who died at the hospital Monday following a smash up between his motorcycle and an automobile truck driven by Albert Johnson, colored, failed to fix responsibility.

The jury simply gave a verdict to the effect that his death was the result of a collision between a motorcycle and automobile truck driven by Johnson on the overhead bridge a Potomac yards about 7.30 o'clock the morning of November 1 and died at the hospital at about 10.30 o'clock that day.

Albert Johnson, colored, driver of the truck told the jury that he was crossing the bridge and had just endeavored to pass a buggy in front of him when suddenly there was a smoke screen on the bridge, cause by a passing locomotive, and his view was obscured and at that time Fox on his motorcycle collided with him. At the time he said he was traveling at a reduced speed.

Others to testify were Henry Johnson, colored, helper on the truck; R E. Simpson, George W. Ferguson and Kemp Vass, the last named colored.

The jury was composed of Thomas Chauncey, foreman; J. C. Bowie, Julian F. Pass, Ernest Demaine, C. Wingate Summers, John McCuen.

REPUBLICANS LEAD BY TEN IN SENATE

Expected House Majority Will Reach One Hundred

CLARK IS DEFEATED

Returns From Oklahoma Show Harding in Lead—Democrats Maintain Lead in Tennessee.

New York, Nov. 4.—The crest of the Republican election wave, both presidential and congressional, continued rising last night as belated returns filtered in.

Among new Democratic casualties were defeat of Representative Champ Clark, of Missouri, former speaker and present Democratic leader in the House; election of a Republican congressman from Texas; reelection of a Republican senator from Missouri, and a sudden jump of Senator Harding into the lead in Oklahoma. Another border State, Tennessee, hung by a narrow margin, but with the Democrats leading.

A Republican Senate majority of about ten, as compared with but two at present, and a House majority of around 100, as again forty-odd, were other forecasts of the overwhelming majorities.

With about eight States still in the doubtful list in presidential and senatorial contests, the huge majorities assured Senator Harding and Gov. Coolidge of at least 346 electoral votes, with Gov. Cox certain only of 127 and all from the "solid South," including Kentucky, the Republicans today added Idaho, Maryland and South Dakota to their string, on the face of large majorities, and of the remaining States the Republicans were reported leading in Oklahoma, Arizona, Missouri, Montana, Nevada and North Dakota. Democratic margins in New Mexico and Tennessee were reported.

Among Republican senators elected in hard contests were Lenroot, of Wisconsin, who was opposed vigorously by Senator La Follette, Spencer, of Missouri, who defeated Breckinridge Long, former Assistant Secretary of State, and Jones, of Washington, Senate commerce committee chairman. Senator Phelan, California, was defeated by Samuel M. Shortridge, Republican, and Senator Smith Democrat, Maryland, a veteran, lost to C. E. Weller, Republican. Senator Nugent, Democrat, Idaho, was defeated by former Gov. Gooding.

Senator Harding, at Marion, exchanged telegrams of congratulation, and planned his Southern vacation. Among his messages was a brief one of congratulation from Gov. Cox. Another presidential candidate, Parley P. Christensen, of the Farmer-Labor party, issued a statement declaring that the election spelled elimination of the Democratic party. He predicted a rout of the Republicans by his organization in 1924.

With majorities piling up in what Democratic leaders said was a "solemn referendum" upon the league of nations, President Wilson withheld any comment. Bainbridge Colby, Secretary of State, expressed disappointment. Senator Johnson, of California, reading "irreconcilable," stated that the election meant the end of the league and another. Senator Reed, Democrat, Missouri, declared that the fight upon the league issue was a "tragic mistake" and had split the Democratic party.

Defeat of Former Speaker Clark was one of the election surprises. He has served in the House continuously since 1807 as one of the Democratic stalwarts and received a majority of votes for the presidential nomination at Baltimore when President Wilson was chosen. He probably will be succeeded as minority leader by Representative Kitchin, Democrat, North Carolina. Representative Clark's successor was T. W. Hukreide, who has been active in the Missouri Republican organization.

The Republicans broke into the solid Democratic congressional delegation from Texas through the defeat of Representative Bee, of San Antonio, a relative of Postmaster-General Burleson. Another Democratic veteran, Representative John

SHIFTED RESPONSIBILITY.

Now that every one has taken advantage of the mehod provided through our national election to get, even with every one against whom he had a grievance, let us forget the past and get down to business.

This is a great country. We are all human and do things as we feel we should, no doubt. Our first duty is to vote into office as public servants those candidacies we think offer the best hope for the future good of our country.

The overwhelming majority for the Republican ticket on Tuesday leaves no doubt as to what was in the minds of most of the American people. It is fortunate that they expressed it whole-heartedly, and that the business of the country during the next two years at least will give us at Washington not only a Republican President but a Republican Congress as well. This is as it should be. It would be unfair to the new Administration to deprive the Executive who will succeed President Wilson of a House and Senate out of harmony with his views on public questions. Responsibility will now be upon the Republican party, through its chosen representative, to manage the business of this country. It is a big job, and worthy of the best efforts of those who are called to undertake it. The majority of the people of this country really want honest, efficient administration, and most of them, we feel sure, will give the incoming Administration wholehearted support in every honest effort to keep its pledges.

BRITISH STRIKE ENDS; WORK TO BEGIN MONDAY

London, Nov. 4.—The general strike of British coal miners formally came to an end today, when the executives of the miners' federation declared the strike off under the agreement with the Government last week in London.

The men were ordered back to their posts immediately, and it is believed that most of the mines will be working under full shifts by next Monday.

SPORTS

The Virginia Athletic Club will play the strong team from the Navy Yard, which represents the Seamen Gunners' School next Sunday at the Shipyard grounds.

This should prove a good game as the Gunners have been going at a fast clip this year, and the big V lads have yet to be defeated.

Friday night will be practice night for the Virginia and all players are requested to report at 7 o'clock.

Election Happenings Since Closing of Polls.

Oklahoma, Arizona and Tennessee, which had been counted for Cox, or doubtful, fell into the Republican column and increased the landslide.

Republican control in the Senate was increased to twelve or fifteen majority, and in the House between seventy-five and 100.

Government employes, particularly officeholders, began to feel uneasy over the prospect of a shake-up resulting from the Democratic defeat.

Harding's estimated plurality reached the astounding figures of 6,000,000. The previous record Presidential plurality was 500,000.

Gov. Alfred E. Smith, of New York, Democrat, ran nearly 1,000,000 votes ahead of his ticket, and still was beaten by the Republican candidate in the gubernatorial race, returns show.

Former Speaker Champ Clark, of Missouri, and Representative Berger, of Wisconsin, were defeated in the late returns.

FLYING SQUADRON.

Jewish Relief Starts Nation Wide Campaign.

With a letter of encouragement from President Wilson to spur their endeavors, one hundred and sixty nationally prominent Jews, today started a tour of the entire country, to bring the message of regenerated Judaism to all American Jewry. The tourists make up a "flying squadron" of speakers who will officially open the campaign of the Union of American Hebrew Congregations for $3,500,000 to carry out a ten year extension program. President Wilson's letter to the Union, of which J. Walter Freiberg of Cincinnati is Chairman, was made public today and is as follows:

"Your letter of October twenty-second affords me a most welcome opportunity to express my very deep interest in the movement which is being pushed forward by the Union of American Hebrew Congregations to set forth the spiritual needs of Israel and to appeal for a stronger and more active Judaism, and also to raise money for a ten-year extension programme. I sincerely hope that the efforts the Union is making will be crowned with complete success.

(signed) WOODROW WILSON."

The "flying squadron", which is headed by Julius Rosenwald of Chicago, Congressman Julius Kahn of San Francisco, and Mortimer L. Schiff of New York, includes leaders in every field of activity—bankers, business men, social workers, philanthropists, rabbis and well know laymen. Mr. Manny Strauss, chairman of the Advisory Committee of the campaign with Dr. Nathan Krass heads the New York delegation. The squadron will address meetings in two hundred of the largest cities of the country, and will explain the Union's plan to bring Jewish education and facilities for worship to farms and ghetto through its extension program and synagogue building loan funds, and to assist further in the development of Judaism through maintaining the work of Hebrew Union College for Rabbis at Cincinnati and creating a rabbis' pension fund. Telegrams and messages which have been received at the New York offices of the Union, 24 East 21st street, indicate that the tourists will be enthusiastically received in every city. Large mass meetings have been arranged by local committees who have pledged their co-operation to campaign. Felix M. Warburg of New York, head of many national and local philanthropic movements was among those who sent messages of encouragement to the speakers. Mr. Warburg said:

"This movement will prove, I am certain, of vital importance to the life of American Jewry. Rabbis and laymen have joined in a movement for the regeneration of Israel. This combination of the two great forces, of clergy and laity in a religious movement, is one of the most significant happenings in modern Jewry. It augurs for the success of the tour, of the campaign and of the entire movement for a wider observance of and reverance for Judaism in America."

Loses Life When He Falls In Well

(Continued from page one)

ly killed, his skull being crushed when the body reached the bottom of the well.

It is said the well countained three feet of water.

Ale accompanied by Kemp Cockrell, both of whom had been helping with other employees in fighting the fire all night long, was attracted by a blaze south of the fire in the stock room and they thought another fire had broken out at the point near the old well. Both proceeded to that place only to find that some boxes about the well, which had been placed around the well to keep anyone off, had taken fire. Both men went directly up to the well and Cockrell says that just as they did Ale cried to him to "Lookout" and just as he did the board covering the well gave way and Ale went down, and there was no other outcry from him.

Fifteen minutes afterwards the body was recovered from the well by Clarence Kitson, a member of Motor Engine Company No. 1. Mr. Kitson was lowered into the well with a rope by the firemen and tied the feet of the dead man and after he was hauled up the body of Ale was pulled out Dr. Llewellyn Powell was summoned and he pronounced life extinct.

The body was removed to Wheatley's mortuary chapel and prepared for burial. The arrangements for the funeral have yet been completed.

Ale lived at 311 North St Asaph street and besides his wife he is survived by seven children. He was a son of Harry Ale and was born in Salem, N. J., although he had lived in Alexandria most of his life. His father, who now lives in Spring City, Pa. was notified of his son's death and he will arrive here tonight.

The deceased was a member of the Glass Blowers' Union of this city. Ale was one of the most popular glassblowers at the plant of the Old Dominion and the tragic death he met with cast gloom among the many employees of that factory.

Dr. T. M. Jones, corner, upon being notified of the circumstances attending the death of Ale ordered a coroner's jury to investigate the case and the jury will assemble at 5 o'clock this afternoon at Wheatley's mortuary chapel and hear the evidence.

The jury summoned is composed of the following: Roger C. Sullivan, William M. King, C. Page Waller, John H. Trimyer, William H. Thomas and E. Gorman Ridgely.

THE AMERICAN RED CROSS IN PEACE TIME

Teaching First Aid

Every person mentally and physically able to do so should take the American Red Cross instruction in First Aid Treatment. It's a life-saver and a pain-saver on the farm, in the factory, on the street, at the office, in the home, wherever accidents may occur. Here's a young wife who inexpertly wielded a can-opener and received an ugly gash across her wrist from the jagged can lid. Mother was there, however, with the First Aid kit and Red Cross instruction, and probably prevented a case of blood poison by giving prompt and proper treatment before the doctor arrived.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspopers.—A—has been appointed agent for Allenrhu in this vicinity with the understanding that he will freely return the purchase money on the first two bottles they who state they received no benefits. Harding Stays in Senate to Hold Majority.

For the purpose of maintaining the slender Republican control of the Senate during the approaching short session, President-elect Harding, it was stated here yesterday, will not resign his seat. By reason of the retirement of Newberry, the present Republican majority is only one.

He has arranged a permanent pair with Senator Underwood, of Alabama, however, and will not make many appearances.

The President-elect is expected to resign after January 1, when Gov. Cox will be succeeded by the Republican governor, H. L. Davis, of Cleveland. At that time the Senator-elect, Frank B. Willis, will probably be designated for the remainder of the short term.

Roads in 6 Months Cost $656,000,000.

Private operation of the railroads for the first six months after the end of Federal control will cost the Federal government a total of $656,000,000, according to figures made public yesterday by the Interstate Commerce Commission. The railroads sustained a net deficit of $206,000,000 during the six month's period and besides this sum the Treasury must pay them $450,000,000, the amount of the guarantee provided in the transporation act. Part of the deficit is charged to increased pay granted to the railroad workers by the railroad labor board.

Women Vital Factor.

New York, Nov. 4.—Mrs. Maud Wood Park, chairman of the National League of Women Voters, in a statement issued here yesterday said:

"Women were a vital factor in the election returns which made political history for the United States. Without clogging the election machinery they added the largest intelligent electorate this nation has ever assimilated at one time.

"The women of America voted early, quickly, thoughtfully and with a definite sense of responsibility. The casting of their ballots on Tuesday, was not an end in itself. It was just the beginning of their usefulness as citizens."

ABERDEEN BANK VAULT BLASTED BY BURGLARS

Belair, Md., Nov. 4.—John A. Evans cashier of the Harford Bank, in Belair, stated today that he had received information of an attempt to rob the Aberdeen branch of the institution during the early hours this morning. The robbers gained entrance by forcing a window which was not protected with iron bars.

The handle and combination on the vault door were knocked off and explosive inserted in the hole left by the wrecked combination. The explosive was set off but failed to open the door and the burglars evidently gave up their job in disgust without securing any money, it is said.

Phoenix, Ariz., Nov. 4.—Returns from nearly one-half of the State indicated the success of the Republican presidential, senatorial and State candidates. Two hundred and thirty-four precincts out of 474 gave Harding 12,512; Cox, 10,586.

Republicans Lead By Ten In Senate

(Continued from Page One)

W. Rainey, of Illinois, also went down to defeat.

Neither the Prohibition nor Socialist parties will have members in the next Congress, as a result of defeat of Representative Randall, California prohibitionist, who was active in the Volstead law fight, and of Victor Berger, the Milwaukee Socialist, by Representative Stafford.

Representative Mondell of Wyoming, House Republican leader, was re-elected, according to late returns last night, and probably will continue his position.

With Republican candidates leading in several States, the Republicans were certain of a gain of four senators, from California, Idaho, Maryland and South Dakota. In the House the Republicans had scored a net gain of more than 30. Among their gains were the following:

California, 3; Illinois, 2; Maryland, 2; Massachusetts, 2; New Jersey, 4; New York, 6; Ohio, 6; Pennsylvania, 5, and 2 in Utah. The Democrats gained three seats in New York from the Republicans.

Another Democratic casualty was the election of Nathan L. Miller, Republican, to succeed Gov. "Al" Smith of New York, who ran far ahead of the Cox-Roosevelt vote in the Empire State.

In the presidential fight the returns showed that the Cox-Roosevelt ticket had lost at least nine States which President Wilson carried four years ago—California, Colorado, Kansas, Maryland, New Hampshire, Ohio, Utah and Washington.

Twenty-nine States regarded from the wealth of Republican majorities as assured for the Republican presidential ticket were: California, Colorado, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Maine Maryland, Massachusetts, Michigan, Minnesota, Nebraska, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Utah, Vermont, Washington, West Virginia, Wisconsin and Wyoming.

In the Cox column were: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Texas, and Virginia.

States from which returns last night were incomplete were: Arizona, Missouri, Montana, Nevada, New Mexico, Oklahoma and Tennessee.

MRS. ROLLINS DIES

Her Husband Ferried Wilkes Booth Across Rappahannock in Flight After Murder of Lincoln

Fredericksburg, Va., Nov. 4.—Mrs. Bettie Rollins, 80, widow of William Rollins, of King George county died at her home at Dogue, yesterday. She is survived by three daughters, Mrs. W. W. Clarke, Mrs. W. E. Baker and Mrs. Arthur Moore, and one son, Lewis Rollins, all of King George. Mrs. Rollins's late husband, William Rollins, operated a ferry across the Rappahannock River between Port Conway and Port Royal at the time Wilkes Booth, who assassinated President Lincoln, crossed the river at that point while fleeing from the officers. Booth hid in the barn of a lady residing near Port Royal. Mr. Rollins was forced to inform on the movements of Booth by the Northern authorities and received a pension throughout his life time from the U. S. government for same. Booth was shot to death in the barn near Port Royal, when he refused to give himself up.

COX TO STUDY EUROPEAN CONDITIONS NEXT YEAR

Dayton, Ohio, Nov. 4.—Governor Cox, looking forward to the time he will surrender his State office in January, announced last night that he was considering a trip abroad early next year to study conditions in Europe. Meanwhile, he said he planned to work and rest, leaving here for the State capitol on Friday and starting the middle of next week for a hunting trip in Mississippi.

Today found the Governor apparently in the same mental state as when he watched the returns last night bringing in continuous unfavorable news. His smile was still apparent tonight and the mass of telegrams seemed unanimous in declaring he had made a "good fight."

8 DEAD, 10 HURT IN BIG RACE RIOT

Orlando, Fla, Nov. 4.— Eight persons, six negroes and two whites, are known to be dead and about ten injured as the result of a battle between whites and negroes on the outskirts of this city, late last night and early this morning.

Oscar Perry, the negro, was found riddled with buckshots and tied to the limb of a tree early this morning.

Fredericksburg, Va., Nov. 4.—The committee on location of the Boy's Episcopal School has reported in favor of Fredericksburg and a mass meeting will be held under the auspices of the Chamber of Commerce to arrange for complying with the conditions involved in the proposition.

FOR SALE

THE depreciation of a good used car is, of course, less in dollars and cents than that of a new car—and as depreciation is the greatest factor of passenger mileage cost, it follows that the used car is by just so much the cheaper to run if it is in good condition when you buy it.

These we are now offering at special prices are in good condition.

Call and inspect a Buick, an Auburn, a Reo, and Oakland, two or three Willys-Knights, both touring and coupe, and a few Overlands in 4s and 6s.

Cox Congratulates Triumphant Rival.

Marion, Ohio, Nov. 4.—President-elect Harding yesterday received the following telegram from Gov. Cox, the vanquished foe:

"In the spirit of America, I accept the decision of the majority, tender as the defeated candidate my congratulations, and pledge as a citizen my support to the executive authority in whatever emergency may arise."

The President-elect was delighted with the sportsmanlike tenor of Gov. Cox's telegram, which was said to have been the first act of the overwhelmed Democratic candidate yesterday.

There is a very practical reason why CORBY BREAD is always so good.

You know how most bread varies---even how impossible it is for the housewife to get the same result with every baking.

There are both scientific and practical reasons why this is so.

CORBY BREAD is made in the most scientific way; every stage absolutely governed by those principles which long experience and careful study have demonstrated to insure best results---dough-development, and other features which are uncommon---but most important.

And then, too, every ingredient which enters into Corby Bread is absolutely pure. We guard that by careful selection and scientific analysis.

PURITY and NUTRITION—these are the two things you want in bread—you get them in the 100 per cent degree in CORBY BREAD.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Wilson, Cox, Both Blamed by Bryan.

Lincoln, Nebr., Nov. 4.—W. J. Bryan placed what he termed the blame for Democratic defeat about equally between President Wilson and Gov. Cox, in a statement made here last evening. The President, he said, "laid the foundations for the disaster and the governor completed the structure."

"The American people want the government to play its part in the abolition of war but they are indifferent as to whether we are part of a league or part of an association of nations," the statement said. "The real issue presented by the Democratic party was not whether we should cooperate with other nations interested in peace, but whether we should assume a moral obligation which had no weight except as it suspended the right of Congress to act independently. This nation will do its part in aiding to prevent war but it will not surrender into the keeping of any foreign group the right to determine when we shall declare war.

"Gov. Cox, instead of repairing the injury done by the President, aggravated the situation by the manner in which he avoided domestic issues and misrepresented the position of the Republican party on the league issue, which he declared to be paramount."

Results Fails to Interest London

London, Nov. 4.—The interest of former years in the presidential election in the United States was absent this time. No betting on the result was discussed in public places. Some of the newspapers ignore the returns editorially, although displaying them freely in the news columns.

These journals commenting plead lack of information concerning President-elect Harding in giving their views of what his selection means to the world.

The Evening News says: "From the point of view of world politics the choice of the new President does not foreshadow earth-shaking changes."

The Standard says: "It is a positive asset for Mr. Harding that the qualities so far claimed for him are chiefly negative."

Referring to the league of nations, the Westminster Gazette says: "One could only wonder whether, if President Wilson were well and strong, he would be able to stem the tide and carry the policy for which he stood."

The Globe says the Republican victory is a blow to supporters of the league of nations.

Socialists Poll Largest Vote of Third Parties.

Minor parties played an insignificant part in the general results, although the Socialists claim to have polled the largest vote in their history, estimating it as high as 3,000,000. On the face of present returns it will be nearer 2,000,000.

In so few States was any record made of the balloting for the Farmer-Labor candidates that it is impossible to give even an estimate of its strength outside of New York State.
